## JSLPS:

Jharkhand State Livelihood Promotion Society (JSLPS) was formed as an autonomous society in the year 2009 within the Rural Development Department, Government of Jharkhand. The society is created to serve as a special purpose vehicle for smooth implementation of poverty reduction schemes and programmes in the state.

## NRLM in Jharkhand:

Jharkhand State Livelihood Promotion Society (JSLPS) has been designated by the State Government to implement the National Rural Livelihood Mission (NRLM) in Jharkhand in September 2011. **JSLPS initiated implementation of NRLM in the financial year 2012-13.** All the intensive blocks in the State is supported by World Bank through a National Rural Livelihood Project (NRLP).

## PROGRESS IN INTENSIVE BLOCKS

The program started by putting its first foothold in eight blocks across three **Intensive Districts** of Pakur, West Singhbhum and Ranchi. Presently, a total of 17 blocks from nine districts are currently being developed as **Resource Blocks**. Services of externally Community Resource Persons (CRPs) from two National Resource Organisations (NRO) namely - Society for Elimination of Rural Poverty (SERP), Andhra Pradesh (A.P) and Bihar Rural Livelihood Promotion Society (BRLPS), Bihar are being taken to undertake systematic Social Mobilisation Process and create a pool of local community resource persons.

Apart from Resource Block strategy, in FY 2015-16 Jharkhand SRLM is developing additional selected **105** blocks as intensive blocks by using its own internal community resources either from existing resource blocks or with women SHG federations under Home Grown Model (HGM) or partnership model. The list of districts and blocks is in annexure - I

Currently, the State Rural Livelihood Mission (SRLM) has presence in total of **80** blocks under intensive strategy. Other than the above 80 blocks, NRLM has its interventions through DRDA which are categorised as **non-intensive blocks**. It is envisaged that by the end of 2020-21, outreach of SRLM would increase to all villages of the State with a total of around 2.91 lakh SHGs. The indicative phasing plan of NRLM in Jharkhand is depicted below.
